

Trade Show

We are looking for energetic, young professionals to work in our Trade Show & Outdoor Marketing Department!

Everdry Waterproofing is continuing to expand our growing team of part-time Brand Ambassadors that represent our company at a variety of events throughout the southeastern Wisconsin community.

The earning potential (via different types of bonuses and incentives) and flexible schedule have resulted in a number of Brand Ambassadors that have been with us for 10+ years.

The more engaged our Brand Ambassadors are with attendees of events we are at, the more they can earn. Being money motivated and an excellent communicator are musts. We are looking for highly energetic and enthusiastic people who home owners will want to interact with. You will be offering home owners the opportunity to enter our free prize drawing for a \$100 gift card relevant to the event, as well as the opportunity to schedule an appointment to take advantage of our no-cost, no-obligation basement inspection.

There is nothing to sell. Again, you will not be selling anything.

Paid training (initial and continuing) will help you realize your earning potential. Mileage, parking, and admission for events are all reimbursed or provided.

Requirements:

- High School Education or higher
- Valid Driver's License
- Reliable transportation
- Ability to stand for the overwhelming majority of your shift (typically 4-6 hours)
- Ability to walk extended distances to where we are within an event

Job Type: Part-time
